

Task: Update the Header and Navigation Bar components based on the following requirements:

1. Top Utility Bar Changes:

Update Email: Change the placeholder email (studio@acred.example) to info@acred.in.

Update Phone: Change the placeholder phone number (+91 80 4000 0000) to +91 63618 89281.

Remove Elements: Completely remove the Instagram and LinkedIn social media icons from the top right corner.

2. Main Navigation Bar Changes:

Remove Inline Links: Delete all the inline text navigation items (WORK, ARCHITECTURE, CONSTRUCTION, REAL ESTATE, ENGINEERING, DEVELOPMENT, STUDIO, and CONTACT).

Remove Search: Remove the magnifying glass search icon.

Add Hamburger Menu: Add a standard hamburger menu icon (☰) where the search icon used to be.

3. Hamburger Menu Functionality:

When a user clicks the new hamburger icon, it should open a menu (dropdown or slide-out overlay).

The opened menu must contain only the following items in this exact order:

About

Architecture & Design

Construction

Real Estate

Engineering

Contact Us

Task: Update the Hero Section sub-heading to function as clickable navigation links.

1. Element to Update:

Locate the sub-heading text directly beneath the main "ACRED" text in the hero section:
ARCHITECTURE · CONSTRUCTION · REAL ESTATE · ENGINEERING · DEVELOPMENT.

2. Required Changes:

Convert the currently static text words into individual, clickable hyperlink elements.

Ensure the separator dots (·) remain as unclickable text or visual separators to maintain the current design aesthetic.

Route each keyword to its corresponding service page URL:

ARCHITECTURE -> Link to the Architecture & Design service page.

CONSTRUCTION -> Link to the Construction service page.

REAL ESTATE -> Link to the Real Estate service page.

ENGINEERING -> Link to the Engineering service page.

DEVELOPMENT -> Link to the Development service page.

3. UX Recommendation:

Add a subtle hover state effect (such as a slight color change, opacity shift, don't change the style or design font design) to the linked text so visitors immediately recognize that they are clickable.

Task: Update "The ACRED Manifesto" section based on the following content and styling requirements:

1. Section Heading Update:

Add Icon: Duplicate the existing star/diamond icon currently located on the left side of "THE ACRED MANIFESTO" and add it to the right side as well (so it reads: ★ THE ACRED MANIFESTO ★).

2. Main Body Text & Layout Update:

Update Copy: Change the main text to read exactly as follows, removing the em-dash:

"Imagined with art. Engineered with truth. Forged in earth. Scaled for the future. The total mastery of space and value."

Line Limit: Adjust the container width or text formatting so that this entire quote spans a maximum of 2 lines on desktop views.

3. Typography Styling:

Uniform Brightness: Currently, the text is split into two different opacities/colors (the top is bright, the bottom is dim). Remove this dual-tone effect. The entire quote must be highlighted and share the exact same bright text color and opacity as the current top line.

4. Element Removal:

Remove "Scroll": Delete the word "SCROLL" located at the very bottom center of this section.

5. And in background there are tiny stars blinking its an animation/motion graphis make a little more visible

Task: Increase the speed of the horizontal scrolling text animation (marquee).

1. Element to Update:

Locate the continuous horizontal scrolling text band (the ticker tape displaying words like "DEVELOPMENT").

2. Required Changes:

Increase Animation Speed: The current scrolling movement is too slow. Please increase the speed of the scroll so it moves noticeably faster across the screen.

Task: Update the Architecture section layout, media, and copy based on the following requirements:

1. Media Replacement:

Remove: The static architectural photo on the left side.

Add: A video player in its place, set to a 9:16 (or 9:15) vertical aspect ratio. Ensure the video loops, autoplays silently, and fits cleanly within the designated grid column.

2. Top Label Update:

Remove: The small text reading 01 / ARCHITECTURE.

Add: The word "Architecture" as the new section label.

Styling: Use a completely different font style from the rest of the body text to make it stand out.

Animation: Apply a text animation upon scrolling into view (e.g., a smooth fade-in-up or a letter-by-letter reveal).

3. Copy Updates:

Main Headline: Replace the existing headline with:

Where form meets everyday life.

Sub-headline: Replace the existing sub-headline with:

Seamless architectural design and immersive interiors, creating homes that look beautiful and feel effortless to live in.

4. Services Links Update:

Remove: The current list (MASTER PLANNING · CONCEPT · DESIGN DEVELOPMENT · INTERIOR ARCHITECTURE · HERITAGE · ADAPTIVE REUSE).

Add: The following three items:

Architectural design & planning

3D modeling and visualization

Interior design

Functionality: Make each of these three items a clickable hyperlink routing to their specific service pages. Include a subtle hover effect (like an opacity change) to indicate they are clickable.

Task: Update the Construction section layout, media, text, and service links based on the following requirements:

1. Media Replacement:

Remove: The static photo on the side.

Add: A video player in its place, set to a 9:15 vertical aspect ratio. Ensure the video loops, autoplays silently, and fits cleanly within the designated grid column.

2. Top Label Update:

Remove: The small text reading 02 / CONSTRUCTION.

Add: The word "Construction" as the new section label.

Styling: Use a completely different font style from the rest of the body text to make it stand out.

Animation: Apply a text animation upon scrolling into view (e.g., a smooth fade-in-up or a letter-by-letter reveal).

3. Copy Updates:

Main Headline: Replace the existing headline ("Built to the drawing.") with:

Vision translated into reality.

Sub-headline: Replace the existing sub-headline with:

By managing both the plan and the build in-house, we eliminate the guesswork. Experience seamless execution, strict quality control, and a structure that stays completely true to the design.

4. Services Links Update:

Remove: The current list (GENERAL CONTRACTING · PROJECT MANAGEMENT · QA / QC · MEP COORDINATION).

Add: The following five items:

Turnkey Residential Construction

General contracting

Construction management

QA / QC

Specialized Engineering Construction

Functionality: Make each of these items a clickable hyperlink routing to their specific service pages. Include a subtle hover effect (opacity change) to indicate they are clickable.

Task: Update the Real Estate section layout, media, text, and service links based on the following requirements:

1. Media Replacement:

Remove: The static photo on the side.

Add: A video player in its place, set to a 9:15 vertical aspect ratio. Ensure the video loops, autoplays silently, and fits cleanly within the designated grid column.

2. Top Label Update:

Remove: The small text reading 03 / REAL ESTATE.

Add: The word "Real Estate" as the new section label.

Styling: Use a completely different font style from the rest of the body text to make it stand out.

Animation: Apply a text animation upon scrolling into view (e.g., a smooth fade-in-up or a letter-by-letter reveal).

3. Copy Updates:

Main Headline: Replace the existing headline ("Where value meets home.") with:

True value, mapped and verified.

Sub-headline: Replace the existing sub-headline with:

We go beyond the brochure. Through rigorous on-the-ground market mapping and technical surveys, we provide buyers and sellers with an unmatched understanding of actual market demand.

4. Services Links Update:

Remove: The current list (ADVISORY · ACQUISITIONS · DISPOSITIONS · INVESTMENT · LEASING).

Add: The following four items:

Advisory

Acquisitions

Sales

RERA registered

Functionality: Make each of these items a clickable hyperlink routing to their specific service pages (or relevant documentation). Include a subtle hover effect (like an underline or opacity change) to indicate they are clickable.

Task: Update the Engineering section layout, media, text, and service links based on the following requirements:

1. Media Replacement:

Remove: The static photo on the side.

Add: A video player in its place, set to a 9:15 vertical aspect ratio. Ensure the video loops, autoplays silently, and fits cleanly within the designated grid column.

2. Top Label Update:

Remove: The small text reading 04 / ENGINEERING.

Add: The word "Engineering" as the new section label.

Styling: Use a completely different font style from the rest of the body text to make it stand out.

Animation: Apply a text animation upon scrolling into view (e.g., a smooth fade-in-up or a letter-by-letter reveal).

3. Copy Updates:

Main Headline: Replace the existing headline ("Truth under every surface.") with:
Calculated reality.

Sub-headline: Replace the existing sub-headline with:

Exact mathematics and advanced modeling. We engineer flawless structural integrity from the ground up.

4. Services Links Update:

Remove: The current inline list (STRUCTURAL DESIGN · MEP SYSTEMS · SUSTAINABILITY MODELLING · BUILDING PERFORMANCE).

Add: The following five items:

Structural engineering

Geotechnical and foundation engineering

Civil infrastructure and site engineering

MEP coordination

Advanced digital engineering

Functionality: Make each of these items a clickable hyperlink routing to their specific service pages. Include a subtle hover effect (like an underline or opacity change) to indicate they are clickable.

Homepage Section Removal:

Locate the entire "Development" section block on the homepage (currently featuring the 05 / DEVELOPMENT label and the "Land to launch." headline).

Delete this entire section block so it no longer appears as users scroll down the page

Task: Update the Contact/CTA section layout, copy, and links, and build a custom animated graphic for the right side of the screen.

1. Layout Adjustment:

Split Layout: Convert the current text-only layout into a two-column grid (or flexbox). Place the updated text block on the left side, leaving the right side open for the new motion graphic.

2. Left Column (Copy & Link Updates):

Top Label: Change to START YOUR PROJECT

Headline: Replace the existing text with:

Have a vision, a property, or a blueprint?

Sub-text: Replace the existing text with:

Let's engineer the reality.

Email Link Update: Change the visual text from studio@acred.example to info@acred.in. Ensure the background hyperlink routing is also updated to <mailto:info@acred.in>.

3. Right Column (New 'ACRED' Motion Graphic):

Add Graphic: Recreate the 5-circle overlapping graphic from the client's reference image, but fix the order so the letters correctly spell the company name from left to right: A - C - R - E - D.

Circle 1: A (Subtitle: ARCHITECTURE)

Circle 2: C (Subtitle: CONSTRUCTION)

Circle 3: R (Subtitle: REAL ESTATE — Note: Use 'R' instead of 'RE' so the acronym spells perfectly)

Circle 4: E (Subtitle: ENGINEERING)

Circle 5: D (Subtitle: DEVELOPMENT)

Animation & Motion Graphics: This must be an animated, interactive element, not a static PNG. Apply continuous CSS or SVG motion graphics to the circles. The outer rings should be "circling" (e.g., the gold strokes rotating slowly, orbiting, or subtly shifting) to give the right side of the screen a dynamic, premium feel.

Task: Update the Footer section layout, text, and links based on the following requirements:

1. Column 1 (Studio) Updates:

Change Header: Change the column title from STUDIO to ADDRESS.

Update Address: Replace the existing Indiranagar address with just: Bengaluru, Karnataka.

Update Phone: Change the placeholder number to: +91 63618 89281.

2. Column 2 (Navigate) Updates:

Remove: Delete the Work link.

Add: Add Engineering to this list.

(The final list here should be: Architecture, Construction, Real Estate, Engineering).

3. Column 3 (More) Removal:

Delete Column: Completely remove the entire MORE column and all the links underneath it.

4. Column 4 (Offices) Updates:

Remove Location: Delete the Mumbai - Development entry.

Retain: Keep only the Bengaluru and Dubai office locations.
